(11:00 AM—3:00 PM)

**WHERE:** Tulare County Fairgrounds  
215 Martin Luther King Jr. Ave.  
Tulare, CA 93274

Imagine your students at the Tulare County Fairgrounds, armed with worksheets, calculators, and accelerometers—all taking part in one of the most fun physics lab activities in the world—County Fair Physics!

Where can the experimenter step into the experiment and subject him/herself to forces in excess of 1-G? Where can they experience zero-G and live to tell the tale? Where can they verify the PHYSICS they've been learning their whole life? Where else but at the Tulare County Fairgrounds for Physics Day!

Come to TCOE on August 27 to learn about how to become involved in Physics Day and incorporate real-life data gathering into your middle school curriculum!

To register, please RSVP to Jonathan Janzen at (559) 651-3043
