

# MATHEMATICS INSTRUCTIONAL MATERIALS PROFESSIONAL DEVELOPMENT

*This 40-hour Mathematics Professional Development is designed to help teachers implement the California State Board adopted mathematics instructional program effectively. Teachers will be given an opportunity to collaborate, integrate the program materials with the State Standards and the California Mathematics Framework and develop conceptual based lesson strategies for the classroom. This training satisfies the initial 40-hour requirement for Essential Program Component (EPC) #5 of the Academic Program Survey.*

For greater flexibility the training is divided into 2 sections. Participants may register for Part A, Part B, or both.

## Part A

Days 1-3

- Program Exploration
- Looking at Standards
- Assessment
- Universal Access
- Technology
- Model Lessons

## Part B

Days 4-5

- Fact Strategies
- Mental Math
- Utilizing Manipulatives
- Engagement Strategies
- Checking For Understanding
