

Edusoft Users' Group

The Local Support Group for Districts Using Edusoft
Educational Resource Services - Computer Lab
7000 Doe Ave., Suite A, Visalia

The goal of this group is to support school districts in the ongoing implementation of the Edusoft data analysis platform. The Tulare County Edusoft Users Group has grown into a powerful networking vehicle for campus leaders, providing an opportunity to share problems and successes, exchange solutions, and facilitate planning.

If you are new to Edusoft, you may feel alone in trying to launch a new data analysis program. Now is your chance to meet other Tulare County educators using Edusoft. We work together in a supportive, enjoyable atmosphere to share:

- Successes and problems**
- New features of the platform**
- Implementation strategies**
- Management and leadership solutions**
- Networking opportunities**
