Materials, Lunch

OMS REGISTRATION:

<http://tulare.k12oms.org/>
147-150544

BYOD: Bring Your Own Device
(laptop or tablet to
access resources)

Curriculum, standards, assessment, instructional strategies, science practices:
How do we put it all together in a way that makes the science come
alive for your students?

These sessions are structured to address your questions when you need
answers most.

- How do you apply the CA Science Framework?
- How do you develop students with a deep understanding of science?
- How do you implement powerful strategies to support all learners?
- How do you integrate science?

This four-day series is designed to provide year-long support and
opportunities to collaborate with other 5th grade teachers to empower
student science learning.

Attend the entire series or select individual sessions.

Session 1: What is Matter Made of? - July 26, 2018

Session 2: From Matter to Organisms - September 27, 2018

Session 3: Interacting Earth's Systems - December 5, 2018

Session 4: Patterns in the Night Sky - February 27, 2019
