Curriculum, standards, assessment, instructional strategies, science practices:  
How do we put it all together in a way that makes the science come  
alive for your students?

These sessions are structured to address your questions when you need  
answers most.

- How do you apply the CA Science Framework?
- How do you develop students with a deep understanding of science?
- How do you implement powerful strategies to support all learners?
- How do you integrate science?

This three-day series is designed to provide year-long support and  
opportunities to collaborate with other 2nd grade teachers to empower  
student science learning.

**Attend the entire series or select individual sessions.**

**Session 1:** Landscape Shapes, Materials, and Changes - August 2, 2018

**Session 2:** Matter - October 29, 2018

**Session 3:** Ecosystem Diversity - March 11, 2019
