Using the Smarter Balanced Interim Assessments

The Interim Assessments and the Digital Library resources are designed and aligned to the Smarter Balanced mathematics and language arts assessments. Teachers can better calibrate their instruction as well as benchmark their students' progress if they are utilizing these materials. These resources are provided to all California teachers and this training will help them utilize them to their fullest.

Goals:

Know how to access interim materials
Know how to use interim assessments in a variety of ways
Know how to use playlists to differentiate instruction

Outcome:

Leave with an action plan for implementation at your site or district
Leave prepared to help teachers utilize Formative Assessments materials
