<http://tulare.k12oms.org/>
147-184447

BYOD: Bring Your Own Device
(laptop or tablet to
access resources)

Curriculum, standards, assessment, instructional strategies, science practices:
How do we put it all together in a way that makes the science come
alive for your students?

These sessions are structured to address your questions when you need
answers most.

- How do you apply the CA Science Framework?
- How do you develop students with a deep understanding of science?
- How do you implement powerful strategies to support all learners?
- How do you integrate science?

This three-day series is designed to provide year-long support and
opportunities to collaborate with other 1st grade teachers to empower
student science learning.

Attend the entire series or select individual sessions.

Session 1: Plants and Animals - September 2, 2020

Session 2: Shadows and Light - October 15, 2020

Session 3: Patterns in the Sky - February 4, 2021
