Curriculum, standards, assessment, instructional strategies, science practices: How do we put it all together in a way that makes the science come alive for your students?

These sessions are structured to address your questions when you need answers most.

- How do you apply the CA Science Framework?
- How do you develop students with a deep understanding of science?
- How do you implement powerful strategies to support all learners?
- How do you integrate science?

This three-day series is designed to provide year-long support and opportunities to collaborate with other kindergarten teachers to empower student science learning.

**Attend the entire series or select individual sessions.**

**Session 1:** Plants and Animals - September 14, 2020

**Session 2:** Weather - October 27, 2020

**Session 3:** Pushes and Pulls - February 2, 2021
