

# HISTORY DAY IN CALIFORNIA TEACHER-ADMINISTRATOR 2010 AGREEMENT FORM

*To All History Day Teachers – Administrators: Please read and sign the following agreement form and return it to your competition coordinator before participating in History Day in California.*

We have received a copy of the History Day in California Student Contest Guide. As a condition of participation in this year’s program, we agree to discuss the rules of the competition with our students and to follow all rules and regulations as specified in the History Day in California materials. We understand that failure of any member or affiliate of our school to adhere to the rules may result in disqualification of the entry in violation.

As a condition of participation in History Day in California, each student will be required to sign a Code of Ethics statement affirming that the entry submitted for competition was researched and developed during the current school year. In addition, the Code of Ethics will affirm that all research, design and development for the entry was student-produced and original. We acknowledge that it is the responsibility of the teacher/coach to ensure that a student’s current entry is not a derivation of previous work of the current or other students.

We understand that this signed teacher-agreement form and a complete set of signed student/parent agreement forms (one for each student with both parent/guardian and student signatures) must be received by the competition coordinator before participation in History Day in California begins.
