

Atreyu Garcia

Grade: 6

School: Frank Kohn Elementary School,
Tulare City Elementary School District

Pillar: Respect

Comment: Kohn staff say, "Atreyu is an academic savant, but that's not why Kohn wants to nominate him. We would like to nominate him because he comes to school every day with a smile on his face, works hard no matter the subject, and treats everyone with the utmost respect, all while maintaining the youthful exuberance that makes him the ideal student and future USA leader. It doesn't matter if Atreyu is working with another 12th grade level reader or a student who struggles with sight words, he treats them all with the most respect and kindness imaginable. He makes our classroom and school a better place."
