Founder and CEO, Catapult*

Dr. Kevin J Fleming is an educator, speaker, producer of multiple, viral animation videos, including *Success in the New Economy*, and author of the bestseller, *(Re)Defining the Goal*.

Dissatisfied with the status quo, he has dedicated over two decades to advancing career education forward as both a faculty member and administrator. Dr. Fleming serves as the founder and CEO of Catapult, which delivers the world's best thought leaders to all educators, through hybrid-flexible masterclasses. His team's mission is to *Make all Education Relevant*. And his dad joke YouTube channel proves he doesn't always take himself too seriously.

Dr. Fleming is a passionate advocate ensuring all students intentionally build their potential, enter the labor market with a competitive advantage, and find their purpose on purpose.
