Teaching Foundations: Essential Skills for Effective Instruction Grades 3-8

In this interactive session, participants will explore how to design and deliver engaging lesson plans that promote a positive classroom environment and meet the diverse needs of all students. The session will cover essential teaching strategies, including active learning methods that foster student engagement, as well as the role of formative assessments in guiding instruction. Attendees will learn how to differentiate instruction to support a variety of learning styles and proficiency levels. The session will also highlight key components of a well-structured lesson plan, from establishing clear learning objectives to creating activities that encourage meaningful participation. By the end of the session, teachers will be equipped with practical tools and strategies to create dynamic, inclusive, and effective lesson plans that maximize student success.
