Transformative Adolescent Literacy Instruction Grades 4-12

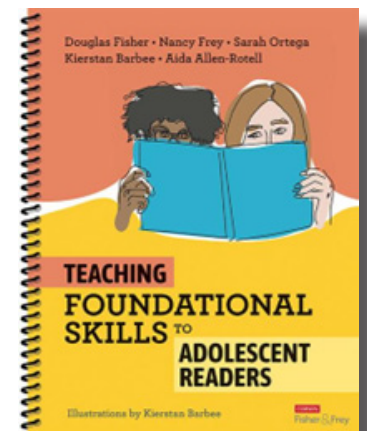

Backed by years of literacy expertise — including work with the California Department of Education — we bring this support designed to seamlessly layer onto your school’s current curriculum. Add a powerful reading structure that motivates students to engage in and strengthen their literacy skills.

Schools looking to amplify their independent reading time (a key element of the CDE ELA/ELD Framework) will gain access to over 25 standards-aligned, research-based instructional lessons proven to boost student achievement. Through simple yet impactful instructional moves — like book talks, book shares, text sets, and book clubs—teachers will inspire students to read with curiosity and confidence.

Let’s transform reading into a dynamic and engaging experience that builds lifelong readers!

Here are five concise **bulleted deliverables** for the **Adolescent Literacy** professional learning workshop:

- Identify key takeaways in **your school’s curriculum** and develop an actionable plan for implementing effective literacy practices.
- **Maximize Classroom Resources** – Discover the power of book clubs and text sets to **build background knowledge and vocabulary**.
- Gain a clear understanding of **evidence-based literacy strategies** that support adolescent reading and writing development.
- **Connect literacy to real-world instructional practices** that engage students and enhance comprehension.
- **Explore successful literacy practices** from educators **through classroom examples and scenarios**.

All registrants of the workshop will receive a copy of *Teaching Foundational Skills to Adolescent Readers*. We’re excited to share this resource with you as part of your workshop experience!
