Empowering Long-Term English Learners: Strategies for Classroom Success and ELPAC Achievement (Grades 6-12)

Empowering Long-Term English Learners: Strategies for Classroom Success and ELPAC Achievement is a two-day workshop designed to give teachers practical tools they can use right away. Together, we'll focus on ways to build language skills into everyday lessons, keep LTELs engaged in content learning, and boost their confidence and performance on the ELPAC.

- Pinpoint the specific challenges LTELs face and learn how to address them in everyday lessons
- Try out classroom strategies that build academic language while keeping students engaged in content learning
- Get hands-on practice with activities that help students strengthen their skills in listening, speaking, reading, and writing for the ELPAC
- Leave with ready-to-use tools and routines to support LTELs' language growth and track their progress toward reclassification
