Building Number Sense with Number Paths and Number Lines Grades K-2

This workshop will focus on deepening students' number sense through the use of number paths and number lines. These important tools will support students in developing flexible thinking and a better understanding of numbers.

In this interactive workshop, participants will learn how to:

- Use number paths and number lines to facilitate rich student discussions.
- Engage students in thinking about numbers, their magnitude, and their relationship to each other.
- Develop students' strategies for computation and problem solving.
- Use enjoyable games to support numerical fluency.

The book, *It Makes Sense! Using Number Paths and Number Lines to Build Number Sense*, by Ann Carlyle will be provided.
