2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Tulare County Office of Education Community Schools service those referred students in grades seven through twelve, who are either expelled or adjudicated. Juvenile Court, the Probation Department, school districts, and other public agencies refer at-promise students to our community school located in Tulare County. The academic program continues to follow the rigorous standards-based curriculum adopted by the referring districts and is geared toward students' individual needs. The program is supplemented with appropriate individual or group counseling in the areas of substance abuse, anger management, and gang intervention. The goal of the program is to transition the students to their district of residence once they meet certain conditions established by Juvenile Court, probation, terms of the expulsion, and attendance/academic progress. The integration of

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents are invited and encouraged to attend School Site Council (SSC), English Learner Advisory Committee (ELAC), Local Control and Accountability Plan, Learning Continuity and Attendance Plan meetings, Sporting events and award ceremonies. Parental involvement is also afforded via parental learning academies organized to inform parents on gang intervention, anger management, and effective parenting practices. Parent conferences are held to inform parents of their student's academic progress. Parents are invited to attend the SSC meetings to assist in the development of the Single Plan for Student Achievement. Parents are also encouraged to attend LCAP meetings. Each school site provides all parents/guardians annual surveys regarding the priorities from the LCAP.

Parents are provided additional support via a school social worker, student transition specialist, and other school staff during family game and movie nights, as well as holiday gatherings.

2025-26 School Safety Plan

The School Safety Plan is reviewed and revised annually. The plan includes policies to address Child Abuse Reporting, Suspension and Expulsion, Discrimination and Harassment, Dress Code, Safe Ingress and Egress, Discipline Procedures, Behavior Health Services, Hate Crime, Disaster Procedures, Crisis Management and Suicide Prevention.

Fire and Safety practice drills are held to ensure that students and staff are able to successfully implement the plans. Classrooms and playgrounds are inspected regularly for hazardous situations as well as recommendations for repairs. Staff members are provided initial and updated training in CPR, first aid, proper lifting procedures and back safety, and blood-borne pathogens.

School administration and Tulare County Office of Education make the safety of students and staff a priority. Our school is in compliance with all laws, rules and regulations pertaining to hazardous materials and State earthquake standards. Staff members supervise students on campus at all times.

The Choices Prevention Programs Office provides training and regional coordination for Safe School Plans Training and Crisis Response Training.

The Tulare County Office of Education conducts quarterly Safety Committee meetings. Safety Committee members include representatives from each division who are responsible for distributing Safety Committee meeting information to their respective groups. Site specific safe school plans are kept at individual sites and are reviewed annually.

Fiscal Year 2024-25 Types of Services Funded

A Student Transition Specialist (STS) serves students at the community site. The STS provides students with strategies to help them be successful at school which included behavior skills, study skills, and social skills. The Student Transition Specialist completes an individualized learning plan with each student to ensure academic success in order to return to their comprehensive high school. The STS coordinates the return of students to their comprehensive school who meet their terms of reinstatement. The STS conducts 30, 60, and 90 day follow ups with students once they leave the community school. The Truancy/Intervention Officer is also funded to support student attendance and crisis intervention. A school social worker is funded for two days a week to provide support by linking students, families, and schools, offering individual/group counseling for mental health, crisis intervention, anger management, and social skills, while also tackling barriers like poverty or abuse and connecting families to community resources to boost academic success, attendance, and overall well-being. They are mental health professionals who address emotional, social, and behavioral needs that affect a child's learning.
